**Subject:** FW: Request for Traffic Control Measures at 17th St & 13th Ave

Hi Jeremy and Kerry,

I think this is a worthy request of Traffic Commission. Could we have the Traffic Commission consider yield signs (probably 13<sup>th</sup> Ave yielding for 17<sup>th</sup> St) at the next meeting? It appears this is an unregulated intersection which is likely contributing to some of the accidents that Ms. Gomez cited in her email below.

**CAUTION:** This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Dear Alderman,

I am writing to request your attention to a serious and ongoing safety concern at the intersection of 17th Street and 13th Avenue.

Over the past few years living at this corner, I have personally witnessed multiple traffic accidents occurring in the middle of the intersection. Several of these incidents have involved school buses carrying children, which is especially alarming. Last year, my own vehicle was struck by a school bus at this intersection and was totaled. Most recently, just last night, I witnessed another collision involving a car and a school bus at the same location.

These repeated accidents suggest that the intersection lacks adequate traffic control measures to ensure the safety of drivers, pedestrians, and especially schoolchildren. I strongly believe that installing a stop sign or yield sign—along with any other traffic calming measures you deem appropriate—could significantly reduce the risk of future accidents.

I respectfully ask that your office investigate this intersection and consider implementing appropriate safety improvements as soon as possible.

Thank you for your time and attention to this matter. I would appreciate any updates on potential actions or next steps.

Sincerely,

Rebecca Gomez

Hi Jonathan My name is Juan and I live in the Keith creek area. Recently there was a car accident on the corner of my block and it's one of many that have happened or have almost happened. I'd like to see if there's a possibility to get stop signs added to our neighborhood and possibly speed bumps because unfortunately stop signs don't slow down careless drivers. There's also a lot of glass from the accident that was never cleaned up. As the weather gets nicer more kids are out and id like to keep our neighborhood safe for them and I hope you can help. Thanks!

Thanks Jeannette.

Could we also add 14<sup>th</sup> St and 10<sup>th</sup> Ave for yield sign to the June TC meeting? I received another complaint about the exact same circumstances about this uncontrolled intersection today.

The resident shared a picture of a recent accident that occurred at that intersection. I'd be happy to share if needed.

**CAUTION:** This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Hello,

My name is Ayvaz Shakhbandarov, and I live at 6274 Phaeton Dr, Rockford, IL.

I am writing to request traffic safety improvements at the intersection of Phaeton Drive and Waconette Drive in our neighborhood.

There are many children and families living here, and drivers speed through this area very often. I have personally seen several close calls where children were almost hit by speeding vehicles. Kids regularly play outside, ride bikes, and walk through the neighborhood, but traffic has become very dangerous.

I strongly believe this area needs:

- A 4-way stop sign
- Speed bumps

Additional traffic calming or warning signs

These changes would help slow drivers down and make the neighborhood much safer for children and residents before someone gets seriously hurt.

Please consider reviewing this intersection as soon as possible.

Thank you for your time and attention.

Sincerely,

Ayvaz Shakhbandarov  
6274 Phaeton Dr  
Rockford, IL
