Subject: RE: Request for Traffic Control Measures at 17th St & 13th Ave

Hi Jonathan My name is Juan and I live in the Keith creek area. Recently there was a car accident on the corner of my block and it's one of many that have happened or have almost happened. I'd like to see if there's a possibility to get stop signs added to our neighborhood and possibly speed bumps because unfortunately stop signs don't slow down careless drivers. There's also a lot of glass from the accident that was never cleaned up. As the weather gets nicer more kids are out and id like to keep our neighborhood safe for them and I hope you can help. Thanks!

We've added this location to the June agenda as well. Can you share the pictures/email from the resident so we can include that in the book as well?

Thank you!

Thanks Jeannette.

Could we also add 14th St and 10th Ave for yield sign to the June TC meeting? I received another complaint about the exact same circumstances about this uncontrolled intersection today.

The resident shared a picture of a recent accident that occurred at that intersection. I'd be happy to share if needed.
